

KODU CHALLENGE

Sample game - Create 2D side-scrolling games

...or 3D racing games

...or 3D adventure/storytelling games

...all using Kodu's completely visual programming language

Enter to win an Xbox 360 with Kinect!

Create a fun, innovative game using Microsoft Kodu game development software. If you do not have Kodu installed, you can download it for free!

How to Enter:

You can enter either as a team of up to 4 members or an individual to one of two categories: grades 4-6 and grades 7-12.

Go to <http://www.digitalwish.org/kodu-contest/index/home> to enter!

Prizes:

One grand prize winner will be awarded an Xbox 360 with Kinect, courtesy of Microsoft. Runners up will receive Xbox game bundles.

Deadline: Entries must be submitted by **May 18th, 2012.**
