

Attention: Parents

Put technology into your favorite school

100% of every donation funds classroom technology, and Digital Wish matches every dollar with an additional **2%-10%** in funding! Like a gift registry, teachers create "wish lists" of needed technology products and describe how each item will be utilized.

How To Get Involved:

- 1) **Make A Classroom Donation,**
Invest in your children's education!
- 2) **Grant a technology-based wish list item** for your child's classroom!
- 3) **Make an online donation** to your favorite school or district.

Donate Now!

Your donation is 100% **tax-deductible.**

Invest in your community and support your school.
