

FEDERAL FUNDING TO CLOSE THE HOMEWORK GAP & DIGITAL DIVIDE

The states and school districts that have the best understanding of which students are and aren't connected are best positioned to leverage these funding streams. The [K-12 Bridge to Broadband program](#) is the model facilitated by EducationSuperHighway, in coordination with states, school districts, and Internet Service Providers, to collect the most accurate, actionable home connectivity data.

Fund (Source)	Amount	Who Applies	When Fund is Available	Deadline to Use Funds	Uses	Agency Disbursing the Fund
